HENGE

HENGE

Capturing the essence of infinity is like trying to hold air. It’s impossible. However, we can draw inspiration from boundless visions, playing with elements of the past and our idea of future. Endless Vision is an uplifting journey that celebrates the inherent value of unique and valuable materials. Flowing, winding lines blend with clean-cut geometries, expressing an increasingly distinct personality.

The creative harmony between Henge and its designers, like Massimo Castagna, Ugo Cacciatori, Isabella Genovese, and Davide Nascimbeni, continues to weave threads of innovation, searching for materials that go beyond the ordinary. The result is a collection that never stops to amaze. Every element is designed to complement and integrate with different styles, drawing inspiration from art and nature.

Massimo Castagna designs architectural elements, such as “Sapiens and Sirius”, balancing design and functionality while enhancing the value of materials and contrasts. The Opera kitchen features beautiful marble and clean lines, exemplifying the pinnacle of sculptural elegance. The Floyds Lights range, designed by Ugo Cacciatori, brings light into the spaces through Murano blown glass windows, introducing an exclusive collaboration with Venini, the long-standing Venetian brand. Legacy, the modular lighting system designed by Davide Nascimbeni, combines beauty and functionality, elegantly blending into any setting. The Diadema table by Isabella Genovese, with its organic and rational lines, enhances the harmony between rigour and creative freedom. Yabu Pushelberg’s Shuffle carpet combines four nuances, creating a sophisticated visual effect.

Endless Vision is more than a collection. It's an invitation to explore Henge's design, where art and functionality blend into timeless harmony.

HIMALAYA
Designed by Ugo Cacciatori

A truly natural, rare, and precious item. A small piece of Himalaya to cherish in the privacy of your home, completely hand-made with 100% organic wool from specially selected Nepalese flocks. Its brown hue also is completely organic, obtained with a special technique that uses the natural qualities of hazelnuts during the washing.

Details
• Rug hand-woven on horizontal looms.
• Pile height 5 cm.
• Finished with knots on the back side to improve resistance.
• Made with wool from Nepal.
• 4 colors available. Color options are not made through a dying process but represent the natural colors of the sheep themselves.

Notes
• Each unit of the Himalaya Rug is crafted in Nepal using the most precious wool in the world: Himalayan wool. This wool has a limited production per year making each rug a truly unique piece.
• Dimensions can be customised.

LEGACY
Designed by Davide Nascimbeni

An exercise of subtraction and a search for atypical statements of minimalist aesthetics rethink spatial dynamics leading to Legacy. A thin, long glass tube with dimmable LED light, supported by rings of an overlying burnished brass cylindrical structure, runs with dynamic linearity through the space, tracing with a simple gesture iconic, floating sculptural configurations.

DETAILS
• Metal pendant lights made of straight and curved glass elements.
• The glass elements are joined and held by Sand Cast Brass rings. The rings are connected by a rounded brass bar.
• Transformer integrated into the ceiling rosette.
• Power supplied through black suspension cable.
• Standard total height 180 cm.

LIGHT
• 360° Neon LED 24V, warm white 3000K, CRI > 90
• Energy-saving with warm light (energy efficiency index A).
• Dimming function.

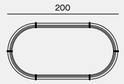

AVAILABLE UPON REQUEST
• Alternative mounting system with a remote transformer.
• Extra warm light 2700K or 4000K (no extra cost).
• 110V.

NOTES
• Indoor use only.
• This light is suitable for multiple configurations.
• Height can be customised.
